ENVIRONMENTAL TECHNICIAN/BACKUP TREATMENT PLANT OPERATOR WATER DEPARTMENT-Town of Windham

(40 Hours/Week, M-F, 07:00 AM to 3:00 PM)

We are currently accepting applications for this position.

To Apply: Fill out the Town of Windham's job application and attach a cover letter, resume, and 3 references & deliver to the Human Resources Office, Town of Windham, 979 Main Street, Willimantic, CT 06226.

Under the direction of the Water Superintendent, the Environmental Technician/Back-up Treatment Plant Operator is responsible for conducting and managing watershed protection efforts affecting the public water supply through applicable environmental best practices, laws, rules, and regulations; responsible for reviewing, tracking, updating, recording, and handling water system regulatory compliance within all Local, State, and Federal laws and regulations. This highly responsible and self-motivated position also serves as a Backup Water Treatment Plant Operator when designated. Position is classified as an "essential" employee; which means the employee is expected to report to work during emergencies,

including inclement weather (i.e., tropical storm, hurricane, ice/snow storm, etc.), natural or man-made disasters, pandemic, etc. *Please see the Town of Windham's website for the full job description and requirements needed. Submit applications by 11/23/21 however, this position will remain open until filled; AA/EOE
